

JOURNEYS BY RAIL INCOMPARABLE VACATIONS

Seven night Journey by Rail vacations on elegant rebuilt passenger Cars travel to and lay over at en-route destinations throughout the United States and into Canada. Cars begin service when improvements are complete; about 32 luxurious Cars with 134 bedrooms in three years, and 60 Cars having 175 bedrooms within five.

A combination of sleeping, dining and lounge Cars travel together as luxurious Train Sets. Self sufficient Private Cars travel alone or as part of a Train Set.

Wonderful passenger accommodations include large beds that convert to plush sofas, a cozy chair that

converts to a single bed and full private bathrooms.

All-inclusive Journeys provide fine dining, all kinds of beverages, on board enjoyment and utmost service.

Journey by Rail Cars traveling as part of Amtrak and other railroads are dropped off and park at en-route destinations allowing passengers to reside on board while enjoying a never ending selection of optional nearby activities. Cars are subsequently picked up by

another train to travel to other destinations. Amtrak passengers endure moves to and from hotels to visit and enjoy local attractions.

After completion of several training Journeys, service will include 7 consecutive Circle America itineraries* traveling throughout the US and into Canada, followed by routes that include: eastern destinations from Miami to Montreal; west coast routes from San Diego to Vancouver, Canada; Chicago to and from west coast cities; southern and mid America itineraries; and, more thereafter including eventual services in Canada and Mexico.

Journeys by Rail are one of **America's finest all-inclusive luxury vacation values**. The price of a comparable foreign train vacation is from about \$940 and \$1,700 per person per day compared to \$800 for an elegant, all-inclusive America's Train Journey.

Initial Journeys are described at www.americantrainvacations.com/routes-and-fares. Circle America and subsequent Journeys by Rail can be reserved now by making a provisional reservation with no immediate payment or obligation.

Final, 2018 departure dates will be confirmed several months in advance as final rail Car repair and refurbishing times are determined.
