

LUXURY TRAIN VACATIONS INESTIMABLE VALUE

Luxurious, exclusive passenger trains from America's Trains Inc. return you to a romantic golden age where the time spent traveling was anticipated as much as the destination(s), a bygone era when gracious hospitality and extraordinary on board amenities were enjoyed by a privileged few. Now, unique Journeys by Rail are bringing back this marvelous way to travel, throughout the USA and into Canada.

Journeys feature luxury facilities, gourmet dining, complimentary beverages, personalized service, and an exceptional vacation experience that is not otherwise available. Distinctive, unique Journeys include the finest service, magnificent scenery, and exciting, adventurous or tranquil activities at en-route layovers.

There are fewer than a dozen superb trains in the world that provide vacations comparable to an America's Trains' Journey by Rail, including, but not limited to:

Royal Canadian Pacific (charter)

Royal Scotsman, Great Britain

Seven Stars, Japan

Orient Express, Europe

Rovos Rail, South Africa

Golden Eagle, Europe

The average cost of about \$1,500 per person per day (double occupancy) for the remarkable vacation lifestyle experienced on these luxurious rail cars is nominal when compared to the extraordinary delights enjoyed by the limited number of privileged passengers. The fare for an equivalent America's Train Journey by Rail is about 36% lower, with extended layovers at en-route destinations where passengers live on board. Some of many features are:

- A single all-inclusive price
- Unpretentious prestige
- A choice of different routes
- Extended en-route destination layovers
- Endless things to do during layovers
- No or reduced air travel and driving
- Wonderful dining, 24 hour room service
- Complimentary beverages of all kinds
- Personalized passenger care
- No crowds
- Easy boarding, safe and secure
- No need for gratuities
- New and lasting friendships
- Irreplaceable enjoyment

The price of a Journey by Rail vacation experience is dwarfed by the value.
