

FIRST JOURNEYS BY RAIL 'CIRCLE AMERICA'

- Reserve Circle America Journeys departing in late 2016 and early 2017.
- Regular scheduled Journeys by Rail will begin in early 2017. Departure dates will be confirmed months in advance.

See www.americantrainvacations.com/routes-and-fares and/or contact us for details.

After shakedown Journeys by Rail in Texas about late 2016, the first two American Traveler Train Set Cars will depart San Antonio on 'Circle America' all-inclusive Journeys throughout the US and into Canada; ending around early March 2017.

Total capacity is limited to 18 passengers in nine Master Suites.

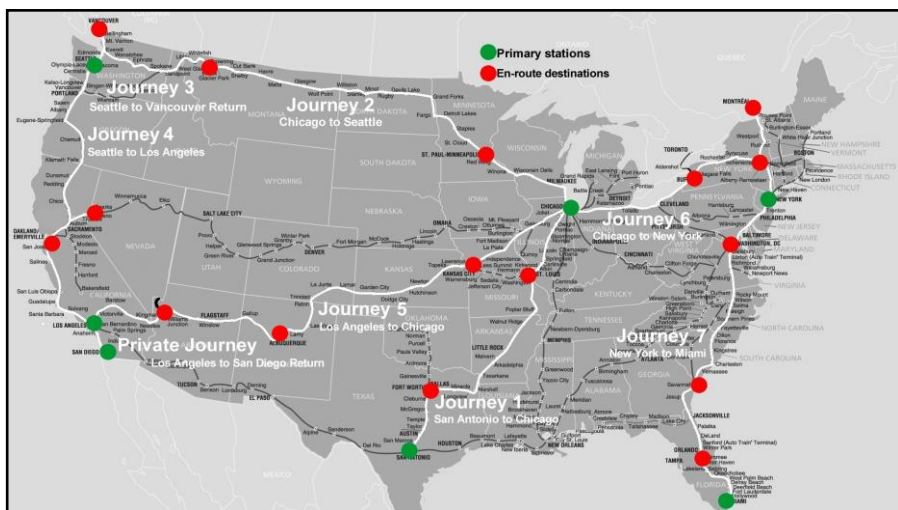

Itineraries are for eight days except Journey 1 is for 6 and Journey 3 takes 4 days. Based on availability, passengers may be able to enjoy shorter (two night minimum) vacations by boarding and disembarking at any Amtrak Station.

There are also unscheduled Journeys between Los Angeles and San Diego.

All-inclusive Journeys by Rail include fine dining, all types of beverages, exquisite personalized service, on board pleasure and impeccable hospitality.

An endless choice of activities are available during layovers at en-route destinations.

Circle America Journey routes are briefly described in the following map.

A portion of the TV series "Tracks" will be filmed on Circle America Journeys.

Fares for eight day Journeys by Rail are well below average prices of comparable luxury train vacation fares in other countries (there are no others in the USA).
