

LUXURY TRAINS, WORLDWIDE

Luxurious, exclusive passenger trains from America's Trains Inc. return you to a romantic golden age where the time spent traveling was anticipated as much as the destination(s), a bygone era when gracious hospitality and extraordinary on board amenities were enjoyed by a privileged few. Now, unique Journeys by Rail are bringing back this marvelous way to travel.

Throughout the world fewer than ten superb trains provide vacations that are comparable to an America's Trains' Journey by Rail. Journeys feature exceptional facilities, gourmet dining, complimentary beverages, personalized service, and an exceptional overall travel experience that is not otherwise available. Distinctive, unique enjoyment includes five star service, magnificent scenery, and exciting, adventurous and/or tranquil activities at en-route destinations.

The cost of this upscale lifestyle on board luxurious rail cars with unsurpassed amenities and gratifying en-route car layovers is nominal when compared to the extraordinary delights enjoyed by a limited number of elite guests. Examples of per person per day prices on some of the World's most luxurious and comparable trains follow (minimal prices).

Royal Canadian Pacific,
Canada, \$1,700 (charter)

Royal Scotsman,
Great Britain, \$1,368

Orient Express,
Europe, \$1,500

Rovos Rail,
Africa, \$990

The average per person per day price for other extraordinary and luxurious train vacations is over \$1,380.

An exquisite single Journey by Rail fare is only \$800; for the most distinctive, all-inclusive memorable

vacation experience within the United States.

Or, as a Train'Share (timeshare) owner, you can enjoy Journeys by Rail for about \$308 per person per day, a remarkable value that is less than 38% of already great individual, single Journey fares and 25% of the average price for a vacation on an equivalent foreign train, plus additional Train'Share owner benefits including use of worldwide luxury resort vacations.

America's Trains,
United States, \$800
